

# FACILITY EVACUATION

- In the event of a major emergency that requires evacuation such as:
  - Fire
  - Earthquake
  - Hydrothermal Eruption/ Volcanic Eruption
  - Chlorine Leak
- All Pool side staff are safety wardens. The shift supervisor will co-ordinate the evacuation. Management will assist the supervisor with the evacuation
- If you discover a serious or potentially serious emergency, inform the facility staff who will call emergency services on 1-111
- Staff will immediately start to evacuate patrons from their designated areas. The Receptionist will take the 'Evacuation Tag Board' to the assembly area.(see map next page). Staff will collect tags and from their area of responsibility once all clear and put it on the Evacuation Tag Board at the assembly area (if safe to do so).  
If the facility is clear close the door on the way out. The shift supervisor will
